

QuantumLink Communications Pvt Ltd

The Company

QuantumLink Communications Pvt Ltd is a software development company based in Mumbai, India. QLC designs and develops applications oriented towards getting maximum productivity and utility from the Internet, with specific emphasis in the areas of email, Internet sharing and TCP/IP based knowledge management systems. We take a lot of pride in offering excellent technology, via our high performance sales network that is backed by a knowledgeable and responsive support team. Our inclination has always been to deliver significant value to our customers on a continuous, ongoing basis.

In addition to our flagship products - PostMaster Express & PostMaster Enterprise, QLC also has over half-dozen software products in the market. With over 7,500 customers and over 19 years of proven technology expertise, QLC is working on a number of product ideas, all attempting to redefine Internet protocols to achieve Internet Productivity.
